

Chief Drafter

The Company

Formed in 1988, Madsen Giersing is a world leader in maritime engineering providing a first class, independent consultancy service.

Our international reputation is for providing excellence, innovative cost effective solutions in the design of marine structures and temporary works.

Our clients include national and local government, port authorities, national and international contractors with projects predominately based in Australia, PNG and South-East Asia.

Madsen Giersing's core values are:

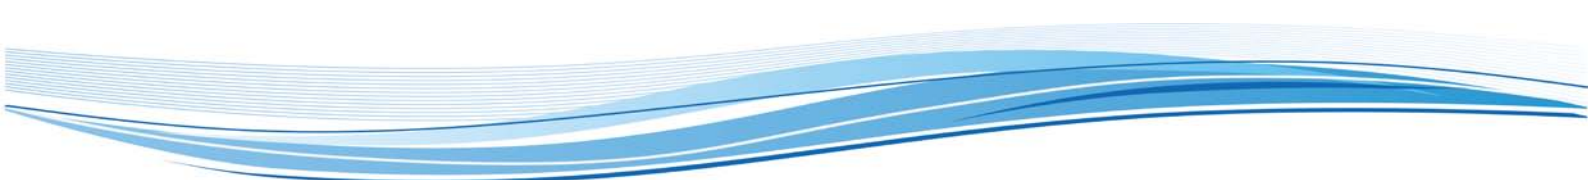

- Innovation and excellence in design and service
- Long term client relationships
- Accountability, responsibility & reliability
- Integrity
- Team work
- Commitment

The Position

- Allocate work, monitor and supervise drafting team
- Produce quality drawings, preparing routine layouts, detail drawings, assembly drawings, sketches and diagrams using AutoCAD software.
- You will be required to work closely with the engineering team and senior team to achieve project outcomes throughout the design lifecycle.
- Maintain drawing and sketch registers.
- Comply with Madsen Giersing's drafting processes, procedures and QA system.
- Manage company IT.

What we are looking for

To be considered for this role, you must have the following:

- You will be a motivated, ambitious, team player with good communication, the ability to work independently and have a desire to grow with the company.
 - Qualifications in Structural Drafting.
 - 5+ years experience in a similar role. Experience in a consulting company will be highly regarded.
 - Be proficient in the use of AutoCAD and relevant software e.g. CAD and 3D as well as Microsoft Excel.
 - Steel and or concrete drafting would be highly regarded as would marine drafting experience.
 - You will be accountable, have high attention to detail and good computer literacy.
 - Eligible to work in Australia (i.e. relevant visa, citizenship/permanent residency). No sponsorship available.
 - You will be a self-motivated team player
- 

What we offer

- You will be part of a highly skilled and dedicated team specialising in maritime engineering.
- Key role within the drafting team and company.
- A permanent full time position available for immediate start.
- Long term career opportunity and room to grow the role.
- A social work environment.
- Modern, newly built office in the heart of Newstead with city and river views. Public transport across road, on-street parking and walking distance to The Emporium. Bike storage and shower facilities.

A negotiable salary package will be offered to the successful individual based on qualifications, skills and experience.
