

## Structural Drafter

### The Company

Madsen Giersing is well established, highly regarded firm of structural consulting engineers. With a reputation for excellence and innovation in the design of marine structures and temporary works, Madsen Giersing provide engineering consultancy services to both private and public sector clients predominately in Australia, PNG and South-East Asia.

### The Position

- Produce quality drawings using AutoCAD software
- You will be required to work closely with the engineers to achieve project outcomes
- Maintain drawing and sketch registers
- Comply with Madsen Giersing's drafting processes, procedures and QA system

To be considered for this role, you must have the following selection criteria:

- Qualifications in Structural Drafting
- 3-5+ years experience in a similar role. Experience in a consulting company will be highly regarded
- Be proficient in the use of AutoCAD and relevant software e.g. CAD and 3D as well as Microsoft Excel
- Steel and or concrete drafting would be highly regarded as would marine drafting experience
- You will be a motivated, ambitious, team player with good communication, the ability to work independently and have a desire to grow with the company
- You will be accountable, have high attention to detail and good computer literacy
- Eligible to work in Australia (i.e. relevant visa, citizenship/permanent residency). No sponsorship available.

### What We Offer

- You will be part of a highly skilled and dedicated team specialising in marine engineering
- A permanent and full-time role available for immediate start
- An opportunity where you can grow and progress within the company
- Weekly and monthly social events
- Top floor modern, newly built office in the heart of Newstead. Walking distance to public transport, Ann Street and The Emporium. Shower facilities, bike storage and lockers
